Where to Purchase Fares

Save money by purchasing an All-day pass off the bus!

Retail Outlets: Select Fry's, PLS Check Cashers and Safeway stores sell passes. Check the location nearest you for the types of passes sold.

Fare Vending Machines (FVM): Located at each light rail station. All-day pass or greater fares purchased from the vending machines are valid for both bus and light rail. Credit/debit cards and cash are accepted.

Purchase Onboard (Bus only): If you purchase an All-day pass on the bus, have exact fare ready. Operators cannot issue change. Passes purchased onboard are automatically activated and valid until 2:59 a.m. the next day. Credit/debit cards are not accepted.

Online Ordering: Visit ValleyMetro.org to purchase All-day, 7- or 31-day transit passes using a debit or credit card.

Riding the Valley Metro Bus

- Arrive at the bus stop five minutes before your bus is scheduled to depart. Be visible, stay in the safe zone away from the curb, and have your fare ready.
- As the bus approaches, check the destination sign and signal the bus operator.
- Let others exit before boarding. Move quickly to a seat. If no seat is available, stand behind the yellow line near the front of the bus.
- Major streets are announced and visually displayed. Watch or listen for your stop. About a block before your destination, pull the cord or press the strip near the window.
- Exit through the back door.

Riding the METRO Light Rail

- As you enter the light rail platform, use the fare vending machine to purchase or validate your pass. Keep the pass handy in case a fare inspector requests proof of payment.
- Wait for your train in the safe zone, behind the textured strip.
- Check the directional signs posted at the station or the approaching train's destination sign to make sure you board a train traveling to your destination.
- Let others exit before boarding the train.
- The train stops at all 28 stations along the route. Listen for announcements and watch for your stop.
- Doors open and close automatically. Exit through any door quickly.

Guidelines for Bike

Bike on Bus

- All Valley Metro buses have racks in front to accommodate 2 - 3 bikes.
- Have your bike ready to load by removing all accessories.
- Lower the rack and quickly load your bike. Make sure your bike is secured for travel by extending the hook over the tire but do not lock the bike to the rack.
- If possible, sit near the front of the bus.
- Exit through the front door and advise the bus operator that you are removing your bike.
- Making sure you remain visible to the operator, release the hook and lift your bike. Return the rack to its upright position and move away from the bus.

Bike on METRO Light Rail

- Walk your bike through the middle doors which are near the bike symbol on the window.
- Hang your bike in the vertical bike rack. If the racks are full, you may stand with your bike, if you do not block the aisle or doorway.
- Listen or watch for your stop and be ready to exit as the train approaches your stop.

Guidelines for a Great Ride

- No eating on the vehicles.
- Non-alcoholic drinks are permitted in unbreakable, spill-proof containers such as commuter cups or screw top plastic bottles.
- Alcohol and tobacco are prohibited.
- Strollers must be folded before boarding and must not block the aisle.
- Earphones are required when using audio and video devices.
- Children seven years old and younger cannot ride alone and must be accompanied by a responsible person, which is defined as one who can directly control and supervise the child.
- Service animals (assisting persons with disabilities) and pets in secured carriers are welcome, but must be kept under control at all times.
- No flammable, caustic, explosive or hazardous materials allowed on board.
- Please limit cell phone use.
- Please give up your seat to senior citizens, persons with disabilities or pregnant women.
- Remember to bring your belongings with you when exiting the vehicle.

Safety and Security

- Don't run after a bus or train.
- Don't cross in front of or behind a bus or train. You can't see the cars and the drivers can't see you.
- Use traffic or pedestrian signals to cross the tracks.

Hot Weather Tips

Use caution in extreme weather conditions during the summer months and plan your trip accordingly. Bring along a hat, water and an umbrella for protection against the elements. Take advantage of shade, and be sure to be visible at the bus stop when the bus arrives. Help to keep the bus and light rail interior cool by having your fare ready upon boarding and exiting promptly.
