

Tell Us Your Transit Story

ENTRY FORM

METRO wants to hear from its stakeholders – riders and businesses along the line – on their experiences with the 20-mile light rail system. The “Telling Our Story” campaign is an initiative of the American Public Transportation Association, or APTA, to promote the importance of public transportation for a stronger, healthier, more prosperous America. The stories will be shared with Congressional leadership in Washington, DC this fall.

Send us your story! Get started with one of these story ideas:

- How you use transit to connect to life – whether that be work or play.
- The itinerary of your favorite night (or day) using light rail.
- The benefit(s) that transit brings to your life.
- How light rail has changed your community.
- What do you see in the future for light rail?
