SOUTH CENTRAL

TITLE

LIGHT RAIL EXTENSION

TYPE

REPORT CARD / JULY, AUG, SEPT 2016
valleymetro.org/southcentral

PROJECT DESCRIPTION

The South Central Light Rail Extension will extend light rail approximately five miles south from the existing light rail in downtown Phoenix to Baseline Road. Seven station locations have been identified and a single traffic lane in each direction has been recommended.

BENEFITS

The South Central Light Rail Extension will provide enhanced transit service to a community with high transit ridership and support neighborhood revitalization and connectivity between downtown and south Phoenix.

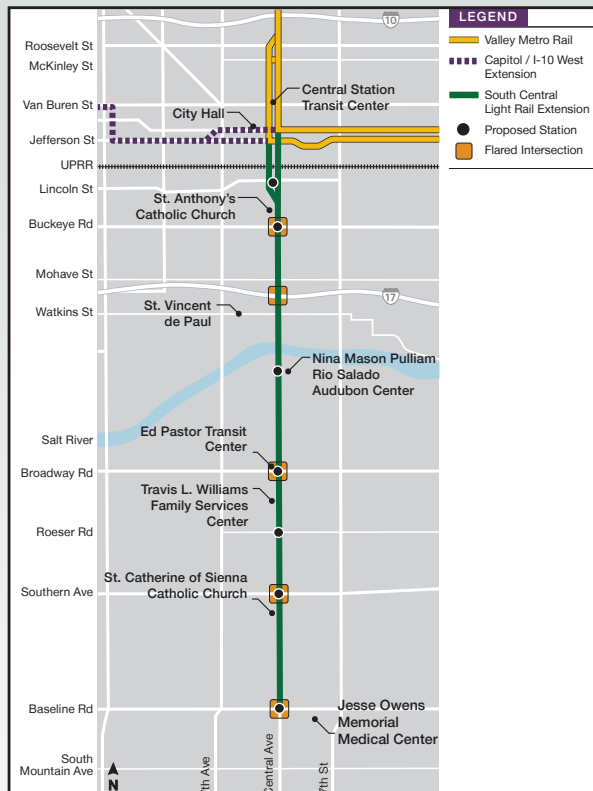

UPDATE

- Submitted project summary information to Federal Transit Administration (FTA) for a preliminary review of project justification requirements of the federal capital investment grant program
- Responded to comments submitted by the FTA on the South Central Environmental Assessment (EA) and submitted the second draft for their review
