## NORTHWEST PHASE II

TITLE

### LIGHT RAIL EXTENSION

TYPE

REPORT CARD / JANUARY 2016  
valleymetro.org/northwest2

#### PROJECT DESCRIPTION

The 2-mile Northwest Phase II project is currently slated to open in 2026 and will extend light rail from the intersection of 19th and Dunlap avenues west across I-17 to the Metrocenter area.

#### BENEFITS

The Northwest extension will enhance mobility options for a largely transit-dependent community and provide connectivity with employment centers near the I-17 freeway. It will support nearly 10,000 family housing units and help up to 20,000 employees get to work. It will also bolster community revitalization.

#### UPDATE

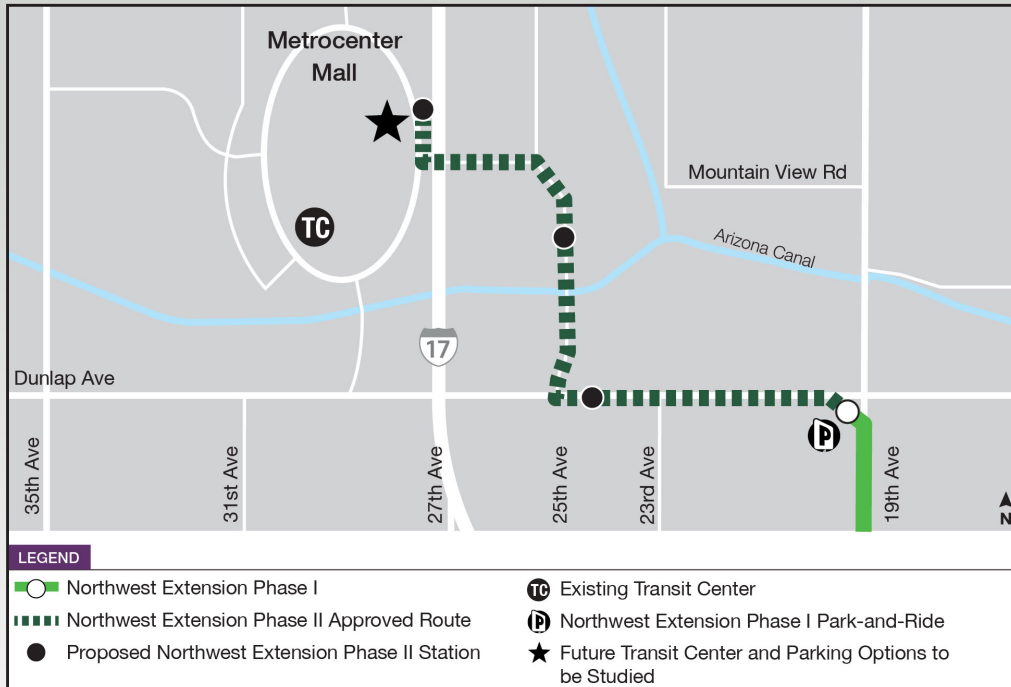

- Continued Advanced Conceptual Engineering (ACE)
- Continued evaluating the project to determine eligibility for Federal Transit Administration (FTA) Small Starts funding

#### BUDGET

	Estimated*	Expended**
Project Development	\$6,400,000	\$588,547
Final Design	\$13,700,000	\$0
Construction	\$275,300,000	\$0
<b>TOTAL</b>	<b>\$295,400,000</b>	<b>\$588,547</b>

\*Does not include financing cost.  
\*\*Estimated as of January 31, 2016.
