# NORTHEAST

TITLE  
TRANSIT CORRIDOR  
FEASIBILITY STUDY

TYPE

## PROJECTS

REPORT CARD / JULY, AUG, SEPT 2016  
valleymetro.org/northeast

### PROJECT DESCRIPTION

The 12-mile Northeast corridor will provide enhanced transit service generally along SR 51 north to the Paradise Valley Mall area by 2034. A study will be completed to assess the feasibility of constructing high-capacity transit in this corridor.

### BENEFITS

The Northeast project will provide enhanced transit service to the growing Northeast Phoenix Valley community and help ease congestion on the SR 51 freeway. It will also connect residential communities with regional employment and entertainment centers.

### UPDATE

- Data collection efforts are ongoing

### BUDGET

	Programmed*	Expended**
Project Development	\$36,800,000	\$23,326
Final Design	\$0	\$0
Construction	\$0	\$0
<b>TOTAL</b>	<b>\$36,800,000</b>	<b>\$23,326</b>

\*Does not include financing cost.

\*\*Estimated as of September 30, 2016.
