About the Project

The South Central Extension/Downtown Hub will connect with the current light rail system in downtown Phoenix and operate south to Baseline Road. The project also includes a light rail transit hub in downtown Phoenix, new stations and public art.

Light rail has proven to generate economic prosperity for historically underserved communities in metro Phoenix. Light rail makes the unique offerings of South Phoenix more accessible to others, attracting new customers, businesses and jobs to the area.

PROJECT STATUS

- Notification and coordination of construction activities are taking place in the downtown Phoenix area and along Central Avenue.
- Relocation of third party utilities continues in downtown Phoenix in preparation for hosting the Super Bowl in 2023.
- Valley Metro Business Assistance will be introducing programs such as business access signs, marketing and special events.
- A five-week look ahead for construction activities is available on the South Central Extension/Downtown Hub website.

NEXT STEPS

- A detailed construction timeline is being developed.
- Construction Advisory Boards to assist in construction oversight will launch in 2020.
